28 **EXPLANATION**

29 The inclusion of this explanation does not constitute agreement with
30 the explanation's substance by the members of the general assembly.

31 This bill relates to vehicle recyclers, including the
32 transfer of motor vehicles to vehicle recyclers and compliance
33 with the national motor vehicle title information system.

34 The bill provides that the owner of a motor vehicle that
35 does not have a certificate of title or a junking certificate

1 may dispose of the vehicle to a vehicle recycler licensed
2 under Code chapter 321H for scrap or junk if the vehicle is 12
3 model years old or older and is valued for scrap at less than
4 \$1,000. The bill exempts vehicles disposed of this way from
5 certain title application, delivery, surrender, and transfer
6 requirements.

7 The bill defines "national motor vehicle title information
8 system" (NMVTIS) as the federally mandated motor vehicle title
9 history database maintained by the United States department of
10 justice that links the states' motor vehicle title records,
11 including the department of transportation's title records, and
12 that requires the reporting of junk and salvage motor vehicles
13 in order to ensure that states, law enforcement agencies,
14 insurers, and consumers have access to information that enables
15 the verification of a vehicle's history, and the accuracy and
16 legality of a motor vehicle's title, before a purchase or title
17 transfer occurs.

18 The bill requires applicants seeking to become an authorized
19 vehicle recycler to provide proof of registration with the
20 NMVTIS. In addition, the bill requires a vehicle recycler
21 license to state the licensee's registration number for the
22 NMVTIS.

23 The bill requires a licensed vehicle recycler subject to
24 federal regulations relating to the NMVTIS to register with the
25 NMVTIS, and for any vehicle purchased by the vehicle recycler,
26 to comply with the federal reporting requirements within 48
27 hours of purchasing the vehicle. Records of the vehicle
28 recycler's compliance shall be kept by the vehicle recycler for
29 at least three years after the purchase of the vehicle, and
30 shall be open for inspection by any peace officer during normal
31 business hours. The bill provides that the department of
32 transportation shall adopt rules to implement these provisions,
33 including but not limited to rules requiring the retention of
34 records not required by federal regulations relating to the
35 NMVTIS. These requirements do not apply to a vehicle that

1 has been crushed or flattened by mechanical means in such a
2 way that it no longer resembles the vehicle described by the
3 certificate of title if the vehicle recycler who purchased
4 the vehicle verifies that the seller of the vehicle has met
5 the requirements. The bill provides that the department of
6 transportation shall adopt rules relating to the form of the
7 verification, and the manner in which the verification shall
8 be retained. A violation of these provisions is a serious
9 misdemeanor punishable by a fine of at least \$315, but not to
10 exceed \$1,875, and imprisonment not to exceed one year.

11 The bill provides that an authorized vehicle recycler
12 license, or an application for such a license, may be denied,
13 revoked, or suspended if the department of transportation finds
14 that the licensee has not complied with the provisions of the
15 bill or with federal regulations relating to the NMVTIS.
